

MANUFACTURING MANAGEMENT

www.manufacturingmanagement.co.uk

Mission statement

Manufacturing Management (MM) celebrates the best of UK manufacturing and the management teams who make our factories world-class. With over 70 years of heritage as Works Management magazine, we aspire to make our readers realise growth in their sites' productivity and profit through the content we provide in every issue. From lean management techniques to maintenance via the impending fourth industrial revolution, MM champions the cause of directors and managers in charge of the UK's world-leading sites, offering them a wealth of best practice ideas.
